PROFILE

Motivated Information Technology student with hands-on experience in Full-Stack Web Development using the MERN Stack (MongoDB, Express.js, React.js, and Node.js). Skilled in building responsive web applications, RESTful APIs, and database management with strong problem-solving abilities. Proficient in modern development practices, debugging, version control, and application deployment. Passionate about learning new technologies and contributing to innovative, growth-oriented organizations.

PROJECTS

Text Steganography | Android, Java, XML

Developed an Android application to securely hide and retrieve secret messages within images using the LSB steganography technique. Implemented image selection, encryption/decryption, and encoded image storage features. Designed an intuitive interface while preserving image quality and ensuring secure communication.

School Management System | HTML, CSS, JavaScript, PHP, MySQL

Built a web-based school management system to manage students, teachers, attendance, fees, and examination records. Implemented secure role-based authentication and modules for student registration, attendance tracking, and result generation. Designed a centralized dashboard to streamline academic and administrative operations.

Blogify | Node.js, Express.js, EJS, MongoDB

Developed a full-stack blogging platform with secure user authentication and authorization. Implemented CRUD operations for blog management, image uploads, and responsive UI using EJS and Bootstrap. Used MongoDB with Mongoose to efficiently manage users, blog content, and application data.

WORK EXPERIENCE

MERN Stack Developer Intern | Niyati Urban Credit Society

April 2026 – June 2026

Developed and maintained the company's official website and a responsive e-commerce application using the MERN Stack. Designed RESTful APIs with Node.js, Express.js, and MongoDB for efficient data management and secure user authentication. Collaborated with the development team to optimize application performance and deliver a responsive, user-friendly interface.

MERN Stack Developer Intern | La Minds

January 2026 – April 2026

Developed full-stack web applications using the MERN Stack (MongoDB, Express.js, React.js, and Node.js). Built reusable React components, integrated REST APIs, and implemented authentication and CRUD operations. Participated in debugging, testing, database integration, and deployment to improve application performance.

Node.js Intern | Zluck Solutions

15 Days Internship

Developed backend modules using Node.js and Express.js with MongoDB integration. Worked on REST APIs, routing, middleware, and CRUD operations while resolving application bugs. Gained hands-on experience in API testing using Postman and backend development best practices.

SKILLS

FRONTEND

- HTML5, CSS3, TAILWIND CSS , JAVASCRIPT, REACT.JS

BACKEND

- NODE.JS, EXPRESS.JS

DATABASES

- MONGODB , SQL

TOOLS & PLATFORMS

- GIT, GITHUB, VS CODE

EDUCATION

Shree Swami Atmanand Institute of Technology

- 2023 - 2026 | Surat,Gujarat,India
- BE(Information Technology)
- CGPA : 8.57

Goverment Polytechnic Gandhinagar

- 2020-2023 | Gandhinagar,Gujarat,India
- Diploma(information Technology)
- CGPA : 7.35

Lal GrukauVidhaphthi Navr Dhamwala School

- 10 Std | March-2020 | SSC | Surat,Gujarat,India
- Percentage : 74.38
